1 Group accommodation in Arosa

Welcome to the paradise for nature lovers. Arosa takes you on a great journey through our most precious asset - NATURE.

Sports enthusiasts will get their money's worth thanks to the numerous walking, hiking and biking trails in summer, the varied snow sports slopes and winter hiking trails in winter and many other offers such as golf, cross-country skiing or curling. During the summer season, Arosa guests enjoy a wide range of leisure activities free of charge with the Arosa Card.

Imposing white mountains, romantic snow-covered forests, pistes as far as the eye can see - this winter sports scenario is always impressive anew. An opportunity to take a closer look at the wide variety of sports and leisure activities that can be enjoyed in the snow.

The unique location alone sets Arosa apart from other holiday regions. Whether this is a special legend hike, a walk through picturesque forests or hikes to crystal-clear mountain lakes, 2,900-metre-high mountain peaks and on to many other natural treasures - all this can be experienced on the well-maintained and marked hiking trails in and around Arosa.

Another centrepiece is the Arosa Bärenland, tourism meets animal welfare. Arosa Bärenland is an experience for young and old. The bears Napa († 4.11.2020), Meimo, Amelia and Jambolina († 5.08.2021), take centre stage.

Arosa Bärenland gives bears rescued from poor conditions a home appropriate to their species. Bears that used to have to live chained in a tiny, dirty cage are freed from this unfortunate situation by FOUR PAWS and brought to Arosa.

During your visit to the bear platform at over 2,000 m above sea level, you will learn the stories of the bears from Serbia, Albania and the Ukraine as well as many other exciting bear facts.

The adventure trail, the Bären-Minigolf, the adventure playground at the middle station, the Weisshorn Bear and the adventure trail Bärenland will also delight you.

Experience active, relaxing and enjoyable moments in Arosa. Bright sunshine and healthy mountain air included!
